S.O.P.

SOUND OF *Praise*

Greetings,

My name is Anthony Rucker, CEO of Taylored Productions, and I am honored to invite you to partner with us for S.O.P. – Sound of Praise, taking place on May 24, 2026, in Athens, Georgia.

The sound of worship has evolved across generations—from the 1980s to today—yet its purpose remains the same: to uplift, unify, and draw people closer to God. Sound of Praise is designed to honor that legacy while introducing a fresh, modern expression of worship that brings people together across backgrounds and communities.

We believe this event carries both cultural and spiritual significance. Just as a unified sound brought down the walls of Jericho, we believe there is a powerful sound of praise that can unite the city of Athens, shift atmospheres, and create a lasting impact.

We anticipate approximately 500 attendees, providing meaningful exposure for our partners through social media campaigns, local radio advertising, and digital billboard placements throughout the area.
